

*music teacher*

*Why Miss Stephanie Loves Teaching:*

"I love teaching music. I believe in the development of well-rounded people. People who are submerged in arts from an early age develop passion, control, and persistence."

Miss Stephanie teaches beginner to intermediate piano and voice to all ages at APA.

Originally from Ohio, Miss Stephanie began playing piano when she was 10 and performed at competitions throughout the state. She later joined her school choirs and has performed at universities and other events in the area. Miss Stephanie studied music education at Hyles Anderson college where she learned her love of teaching was the clear path for her future.

When she's not hard at work at APA, Miss Stephanie enjoys running, having coffee with friends, gardening, and spending time with her 2 children.
