### *Why Miss Allison Loves Teaching:*

"The most rewarding moments of my teacher-life have been when I see my students perform and I see the look of pride and accomplishment as they walk off stage, knowing that they gave it their all."

Miss Allison specializes in teaching piano and voice to kids ages 5-17 in the beginner-intermediate levels!

Miss Allison loves to sing, dance, and play the piano! She started teaching at APA in 2017 after graduating from UW-Milwaukee where she earned her degree in PreK-12 General and Choral Music Education.

When she's not teaching at APA, she teaches general music at an elementary school in Racine. She believes that a good music lesson should be fun and accessible, but also rigorous in developing new skills and overall grit. When she's not teaching, Miss Allison enjoys jamming out to rock and pop music, learning new songs on the piano, going for a run, playing with her two bunnies, Buggs and Lola, or spending time with loved ones.
