

*music teacher*

*Why Mr. Jacob Loves Teaching:*

“I enjoy seeing the love of music instilled in a student, and the challenges involved.”

Mr. Jake teaches beginner and intermediate piano to all ages at APA!

His favorite musical styles are folk, blues, movie soundtracks, gospel, and classical.

Mr. Jake has spent most of his life in Wisconsin but spent time in Indiana while getting his degree in Music Education. He has been involved in performing and writing music since he was young, singing and playing piano in church and in school. He traveled and played piano in college, and has done vocal and piano studio work off and on.

When Mr. Jake is not teaching piano, he enjoys fishing, writing and recording music, reading, and spending time with his wife and three children.
