

MR GARRETT

dance teacher

Why Mr. Garrett Loves Teaching:

“My motto in life is HYPE which is an acronym for helping young performers entertain. I have taught at multiple facilities in the southern Wisconsin and Northern Illinois areas and I love sharing this with APA students.”

Mr. Garrett teaches all styles of dance and technique of all levels (beginner, intermediate, and advanced) and is also one of the competition coaches here at APA, specializing in Hip Hop!

Born in Illinois and raised on an ostrich ranch in Wisconsin, Mr. Garrett started his dance training at the age of 6 and has expanded his training every step of his journey including attending multiple workshops all over even training at the Royal Winnipeg Ballet when he was 12 years of age. During his college career, Mr. Garrett found himself performing professionally for Six Flags Great America among other corporate entertainment venues which lead to commercial work.

When he isn't teaching or coaching, you can find him continuing to further develop his artistry, pushing himself at the gym, outsourcing his skills to other groups, or working at his performance space helping provide an opportunity for other performers to show off their craft.
