

MR NICK

music teacher

Why Mr Nick Loves Teaching:

“I love to help my students create their own music - it’s my favorite part of being a teacher!”

Mr. Nick is a passionate piano teacher at APA who brings the magic of classical and jazz piano to students of all ages and skill levels. With a love for Romantic/Impressionist, bebop, modal jazz, bossa nova, fusion/R&B, theatre, and contemporary classical/jazz, he’s all about creating music that moves the soul.

Starting his classical piano journey at age 8, Mr. Nick competed in piano competitions across Wisconsin before diving into the world of jazz with Milwaukee’s own Mark Davis. He joined the Milwaukee Jazz Institute in 2020, where he continues to perform today.

When he’s not teaching, Mr. Nick writes and produces a wide range of music – from R&B and rock to electronic beats – and dreams of one day opening his own recording studio. Outside of music, he’s into art, hiking, pickleball with friends, and studying at his favorite coffee spots
